Some Aspects of Help by L. Ron Hubbard

When help is straightened out in an individual, not only does his IQ go up, but his freedom, and belief and confidence in himself increase.

All great movements, historically, have worked somewhere in the vicinity of this one factor of help.

A person basically intends to help. The beginning of any difficulty he's in right now is an effort to help. And also, the only reason he's alive and happy right now, is help. This is a two edged thing, a double sided coin.

If you think of somebody you hate, you can probably remember a time when you tried to help him or a man like him. Your hate is actually based on the fact that you flopped. You failed you and you failed him.

As far as one goes in life is determined, apparently, by the degree he feels his activity helps one or another sections of life, and when that poor fellow comes on down to the last dregs of nowhere, he can't help anybody in the whole world including himself, he's a goner. He's a dead man by that time. I don't care if he's still breathing, this man's dead.

The limiting factor in the dissemination of Scientology was, therefore, not actually we're running out of smart people, because we can make smart people, but we were running out of people who believe help was possible. That was the absolutely necessary condition to interest in Dianetics and Scientology.

Now we had a limiting factor here. Apparently, there weren't too many people, in western civilization who still believed help was possible. This can very easily be put to test.

You, going out, say, "I heard an interesting lecture last night. Fellow named Hubbard, and he was talking about Dianetics and Scientology and so forth,

and it was a very interesting subject and you can increase somebody's IQ or you can make them happier or healthier," or something like that.

I'll let you in on something, a certain percentage, all together too large a percentage, of people you make that statement to will say to you, "AAARRRH!" You've said to them, there is the slightest hint in the air that something has been thought up which possibly might help somebody. And that's just like stamping on the tail of a tom cat. "MEEOOOWW!"

Under no circumstances can anything like this exist! You've hit their help button. And if they've got a help button which is turned totally in reverse, they're not going to buy anything that has anything to do with it.

Here's the oddity— if they say, "Well that's a lot of bunk and we couldn't possibly use..." or something like that, if the person makes this statement or has this reaction, ask them how they feel about medicine, reading, warm baths, sitting in the sun— you won't get a uniform reaction on these buttons, but it'll be close. They don't believe, really believe, help is possible.

Well, apparently, the reason we're alive is to help. I know that's one of the silly answers, but that's what life is. It's silly. But people actually run on this basis, and when they can no longer help people, they're dead. You take somebody who is on the verge of committing suicide, and you say, "What's the matter bub, can't you help anybody?" You're liable to hit right into the middle of it.

And a person who starts to fulminate and doesn't believe that help is possible has simply slipped. Help is redefined to him. It'll stand your hair a bit on end, that there are people around who believe that help is betrayal. The only way you can

help anybody is betray him. Look it over, it's very interesting.

Help has become betrayal. How do you help somebody? "Well, you lure 'em into a back alley and shove a knife into 'em." And the person straightforwardly believes this. He has lost his judgement and criteria on the subject of help. And it's the wildest thing to watch or listen to.

Trouble with help is it gets one-sided. You see, the fellow gets over on this side, pro this, helps that. He gets into this kind of a situation: the best way to help the Gump Wump clan is to kill off the Killie Bump clan. Well he's so involved in helping the clan that eventually he'll get a misdefinition. How do you help? Well you kill off Gillie Wumps.

Now all you have to do is just drop "Gillie Wumps" and you have, "How do you help? You kill people, that's how you help." Now you go up to this fellow and you say, "Help me!" So he says, "Okay!" —BANG! It sure gives life variety.

But the pitiful part of it is that many cures which have been used down through the ages, in spite of all evidence that they didn't help anybody, were consistently and continually used. And do you know the people who are using these cures believe implicitly that they were helping people. Maybe they never had a case of success in their whole career, but they still believe they're helping somebody.

The wrong way to handle them is to show them definitely that they are not helping anybody. That's the wrong way to handle such a thing. The right way to handle it, is have a talk with them as to how they could help people. And you'll find out that the button will realign very rapidly.

I'm sure that you have people in your immediate vicinity that you have tried to help and have failed to help. But I won-

der if you've ever looked at this: was it possible for that person to accept any help? To that person did help mean, pull out a knife and stab a person in the back? Naturally he doesn't want to be helped.

Now you just pick a person that you tried to help at some time in the past that's still in your environment, and get a discussion going on the subject of help, and I'll guarantee that if you had a bad time trying to help that person, you're going to enter into one of the wilder discussions that you have been in for some time.

See, you know what help is. Help is to assist. But these people who make you fail don't have that definition. They don't have any such definition of help. And to that degree, we ourselves are betrayed in an effort in the world.

Well, apparently the violence that greets any honest endeavor to help one's fellow man, is based on the fact that, "No, no, we mustn't have one's fellow man helped because that means to kill everybody. See, if help kills everybody, therefore, we mustn't help any fellow men. Please, please don't help anybody, because we'd all be dead." Some such thing, you know.

It's a very interesting world if we live to help. Why, all we're doing in Dianetics and Scientology is trying to do it with the least possible liability and the greatest possible effectiveness. That's all we're trying to do. It doesn't seem very much to object to, but we have our good, knock down drag-out fights on the subject. We also have our tremendous successes.

Expansion News

More Book One Campaign Wins!

Bridge Publications, which is the organization in the US that publishes Ron's books, is now, in terms of book sales, one of the largest publishers in the Western US. And all the publish is Ron's books! This is one more piece of evidence that there is a grassroots boom on DIANETICS Tech in the making! Among other news on getting DIANETICS™ *The Modern Science of Mental Health*, "Book One" into public hands: the number of distributors carrying LRH books now is over 200 in the US alone, and they cover 47 states! In Canada, too, Metro News in Toronto, the largest wholesaler in that country, has been closed to carry Book One. They placed a large initial order of 3,200 books.

One wholesaler, in Modesto California outside of San Francisco, reports that Book One is being put out on the racks by the check-out counter in 25-50 grocery stores, and it's selling very well. The wholesaler has re-ordered for the third time recently.

Ingram's, the US's largest book distributor, recently reordered more copies of Book One, placing their biggest order ever with Bridge Publications.

A bookstore in Sheridan, Wyoming (that's "out in the middle of nowhere") was closed to carry *Self Analysis* because they got 5 requests for the book from cable TV coverage.

United News in Philadelphia, one of the biggest distributors there, has been closed to carry Ron's books, making a total of 11 distributors in the Pennsylvania area alone carrying Book One and *Self Analysis*.

One other large distributor has recently been closed to distribute Book One and *Self Analysis* in health food stores around the country—they cover more than 8,500 health food stores!

Recently a wholesaler in Pennsylvania decided to monitor his accounts to see how they were doing. He found that despite any enthrall in the press, ALL HIS ACCOUNTS WERE SOLD OUT OF BOOK ONE! Other distributors and bookstores have reported similar findings!

As the word about DIANETICS Tech grows, the press is becoming interested—in one week recently, there were 12 DIANETICS TV and radio shows aired nationally!

In addition to regular shows in Twin Cities (Minnesota) which run 7 a week, local theta TV and radio shows aired recently in St. Louis, New York, Los Angeles, Detroit, Austin, Portland, Seattle, Sacramento, and Las Vegas. In one show in the San Fernando Valley just north of Los Angeles, noted screenplay writer and novelist Edith Johnson was featured, talking about how her career has been enhanced by DIANETICS Tech. In New York an actress Scientologist, Laura Figueroa, did a radio show, and was asked to come back to do another radio show and a TV show. One of the station managers was so impressed he invited himself to a DIANETICS seminar. The Guardian's Office in New York reports that a total of two to three shows per week are being aired on radio with SCIENTOLOGY® celebrities promoting DIANETICS Technology.

Another win from New York: The Guardian's Office there got in touch with the

The Central Library posted a notice where they usually make such offers of books known and more than 200 branches responded. Such an avalanche of requests for one book is very unusual. In acknowledgement one librarian wrote in, "It is gratifying to receive multiple copies of a book as useful and as sought after as yours."

DIANETICS Club

Students at the College of San Mateo, outside of San Francisco, have formed a "DIANETICS Club", sponsored by their professor of "para-psychology". The club was spawned by a lecture on Book One given by the local Guardians Office, and has a number of enthusiastic members!

Intense work on publishing the wins of Dianeticians is continuing, letting the world know that this book they are hearing about, Book One, is the classic self-help book, and the most successful book in that field ever published. And the evidence is: CLEAR! Look in future issues of The Auditor for more news on this new phase of the on-going national DIANETICS campaign!

Expansion News from Europe and Asia

There are now three SCIENTOLOGY groups in Karachi, the capital of Pakistan, including one for women in this traditional Moslem country. Study Tech is being taught to some of the children of members of one of the groups, and all have had dramatic improvement in their results at school.

Next door, in India, the largest book wholesaler in that country has contacted Bridge Publications and has placed an order for Book One. This book wholesaler has extensive contacts in other parts of the Far East as well.

Recent translations of LRH books include: *Fundamentals of Thought* in Serbo Croatian for people in Yugoslavia. Also, Book One is soon to be released in Hebrew. At Ron's request, a major project is now shaping up to get all of his DIANETICS and SCIENTOLOGY books translated into every major language on the planet!

Clearing the Planet!

Planet-wide clearing looms closer and closer with every revolution of the earth! You can help—get a hold of Ron's books on DIANETICS and SCIENTOLOGY Tech, get on course, and become an auditor! With the countless thousands now being introduced to SCIENTOLOGY and DIANETICS books around the globe, you, as an auditor, will certainly be, as Ron said, one of the most valuable beings on the planet!

New from LRH! Pro TRs Course now a Prerequisite for Professional Training

Excerpts from HCO Policy Letter 23 January 1983:

"THE PROFESSIONAL TR COURSE IS A PREREQUISITE FOR ALL PROFESSIONAL AUDITOR TRAINING COURSES BEGINNING WITH LEVEL 0 AND INCLUDING NED AUDITOR TRAINING AND ANY OR ALL AUDITOR TRAINING COURSES ABOVE THOSE LEVELS."

"In 1950 it was found that raw public had no slightest idea of a communication cycle and you could not possibly make auditors out of them without it. The solution to this which was worked out and which proved very, very effective was the TRs Course. After that was introduced and particularly when Hard TRs were forced through for professional auditors, the problem was solved and did not exist thereafter as long as auditors were trained in auditor TRs."

"Thus, the rule, THE PROFESSIONAL TR COURSE IS A PREREQUISITE FOR ALL PROFESSIONAL AUDITOR TRAINING COURSES, should be set forth in concrete."

"Auditors beginning their training should be put through the Professional TR Course before starting any other auditor training checklist."

"Auditors now in training who have not had the Professional TR Course should, at their first next Class completion (before receiving certification on their current level of training) be required to take a professional TR Course."

"Any 'auditor' who has been 'trained' without a Professional TRs Course had better be put onto one and gotten through it forthwith or risk suspension of certificates." (Copyright © 1983 by L. Ron Hubbard. ALL RIGHTS RESERVED.)

An Increased Understanding of Life And the Ability to Handle it

The Saint Hill Special Briefing Course

1 A person, going up the Bridge, planning to do well in life, needs to plan the best route to get the most out of DIANETICS™ and SCIENTOLOGY® training and processing. The Registrar gives some good advice: do the Saint Hill Special Briefing Course to be able to apply the Tech to all areas of life with certainty — the best guarantee of wins! The Registrar also has application forms for Briefing Course Scholarships.

2 The Briefing Course is a study of SCIENTOLOGY and DIANETICS Tech from the ground up — starting in 1948 and coming forward to the present — over 40 books and packs, and hundreds of incredible LRH lectures. ASHO's very well stocked bookstore supplies students with all the course materials they need.

3 Even when a student has studied the books of the Briefing Course before, reading them again on the Briefing Course in chronological order brings fresh cognitions and new understandings.

4 One of the greatest joys of the Briefing Course are the over 300 lectures by Ron on the checksheet. The student really gets to know Ron as Ron explains the Tech. On these tapes is the story of the Tech on how to make Clears and OTs!

5 The Tech is for use — and Saint Hill Special Briefing Course students study to apply! The checksheets are beautifully designed by Ron to balance theory with practical and gradually take the student from the basics of auditing to the most involved actions and handlings expected of a Class VI auditor. The new LRH Tech films are on the Briefing Course too to give the edge of certainty that seeing the right way to do it delivers!

6 The Briefing Course makes auditors who can audit! To complete their check-sheet requirements, Briefing Course students do plenty of auditing—by the time a Briefing Course student has graduated, he's thoroughly familiar with the parts of a session and preclears, and knows how to get results!

7 Briefing Course students audit under the close and careful supervision of ASHO's highly trained C/Ss, like the Class VIII Deputy Senior C/S here, entrusted with seeing that ASHO courses produce standard auditors at each level.

8 ASHO's Class VIII Director of Correction is there to clean up the rough spots and keep the Briefing Course student auditors rolling through their requirements without a hitch.

9 Many Briefing Course students take advantage of special discounts for them in ASHO's case-cracking Hubbard Guidance Center, though most auditing up to OT Preps can be co-audited on the Briefing Course itself for free. There are so many students on the Briefing Course it is usually easy to find someone to co-audit your next action!

10 Unexpected reunions are a common sight at ASHO! ASHO is continually one of the busiest orgs on the planet and students arrive daily from all over for their next step on the Bridge.

11 An ASHO graduation is an experience not to be missed even once! Here an auditor relates his wins on the Briefing Course to the graduation audience.

12 The Briefing Course student's own completion day comes at last and she is warmly applauded by her fellow students.

13 A Briefing Course graduate has earned their cert by studying the most comprehensive course on the mind and spirit anywhere, a true education in being cause across the dynamics!

Inflation is still with us. In most countries it is running double digit and in some even over 100% annually. Economists often try to make less of this and quote all sorts of "facts" about how inflation is being curbed. The price tags in stores tell the true tale and even where some slight lessening of inflation does occur it is usually only temporary as the economic indicators keep pointing in the direction of hyper-inflation such as has been occurring right now in some third world countries.

Extensive study of requested Church donations for services and the current economic situation has shown that we are again in a position where we either have to make a sudden increase in requested donations to bring things into alignment or we can gradually increase these donations. To make a sudden huge increase puts a hardship on the public and in some cases can deny them services.

Therefore, the solution is to gradually increase donation rates at a rate which is easily confronted.

Accordingly, at midnight on the last day of each month, the expected donations will increase 5% over the past month.

There is a formula which can be used in calculating donations for any month. One simply multiplies the rate for the previous month by 1.05 (1.10 for the UK) and this will give the amount for the new month.

Where any service or item is fully donated or paid for in any month but not taken until some later time, it is to be delivered at the rate donated or paid for it.

It is long standing policy that Missions and Field Auditors may not charge less for services than orgs and therefore, Missions and Field Auditors must also follow this procedure.

This same procedure also applies to Saint Hills, AOs and the Flag Service Org.

All persons donating for services should be given the full reasons for this slight increase: so that our staffs can live, so that we can take better care of our buildings and so that we can give better service.

Buy your Study Tapes cassette package now from the ASHO Day Bookstore.
— Amazing new Price. — Full transcript for each lecture. — Complete glossary of unusual words and expressions. — Full index for all ten tapes. — Sturdy and attractive binder. ORDER TODAY!

The celebrated LRH Study Tapes is one of the most popular of all of Ron's lecture series.

The lectures reveal Ron's breakthrough discoveries on the subject of study, an area so basic that without full mastery of it one can't proceed beyond it.

Study tech as laid out on these tapes is perhaps the single greatest factor in a person's speed up the Bridge, and his ability to grasp and use the Tech to help others. So important are these tapes that it is now mandatory that each Student Hat student own his own set of cassettes.

And so, GOLDEN ERA STUDIOS, to serve you better, has streamlined their Study Tapes production lines and cut the price of The Study Tapes below half its previous retail price — with the same excellent quality!

If you've heard the lectures before, you'll know how much more can be gotten out of them each new time you listen — an excellent study refresher you can review at your own convenience!

Focus on Success — ASHO Trained Professional Auditors — Success With Helping Others

I had a cognition a long time ago that the highest form of creativity was the creation of creators. At that point I sold my business and

became an auditor full time.

I think there's no profession senior to auditing on this planet, and if a being becomes OT he has to somehow take responsibility proportional to his degree of power. If he takes his power and uses that power to give power to others, he of course gets it back. It's not the purpose of doing it, but for any being that wants to be truly free the only way he can be free is by accepting responsibility for causing eight dynamics.

Ron is defining the truth. You as a static are truth and Ron is defining the truth with the Tech. In effect he is defining you as a being. On the VIII Course you become the truth, and you become yourself for the first time. So, if you can afford to become yourself, then you can afford to become an auditor. I think that about sums it up.

Auditor Roger Sorkin takes his preclear into the Examiner after another successful session.

The Tech is so pre-

cise that no being, whether he intends to be an auditor or just intends to be an OT in life can afford to live without it.

—Roger Sorkin

Of all the professions I don't think there is any profession that even comes close to auditing. It's product oriented — you see your product walk out. Sometimes the Tech is so mind boggling that I have to stop myself and look — that was pretty neat! I've amazed myself with some of these things. I love it — just probably the best job you'll ever find — even if there's no exchange, it would be a very good job: all of my pcs' wins — whenever they have a win, I have a win.

—Dan McKenzie

I recommend it very highly — it's a great life — it takes a lot of dedication and a lot of work, but it's really rewarding.

It's so amazing — you start working with people that aren't familiar with SCIENTOLOGY [Tech] and you take out one little nugget — one little bit of tech and they think you're God. Scientologists have the idea that there are so

many prerequisites, but there are so many things you can do leading up to an auditing practice.

You don't have to be Senior Case Supervisor International to apply the Tech! It's amazing what people think of you if you dare to use the Tech!

It's really not hard to win if you have any inkling of how to apply the Tech. You can be a Book One auditor, you can be trying out a Group Process just reading the book. The stuff is so powerful you don't have to be anything more than willing to go and try in order to win. So long as you are out there getting the Tech out — that's the important thing! If everybody would do that, we'd clean this place up!

— Robin Filios

I love being an auditor. Not only do I help Ron clear the planet, but it is effective help. People change right before my eyes, blowing charge and aberrations. My cognitions are as big as my preclears'. It is a career that produces a product right before my eyes. To me, there is nothing I'd rather be doing.

— Kathy Frank
